Additional Grant Opportunity

WVDEP's Watershed Improvement Branch (WIB) is issuing an announcement of Additional Grant Opportunity (AGO) for projects that focus on nonpoint source issues. The total amount available is approximately \$158,000. WIB is accepting projects that must be completed on/before **July 30, 2024**. Project amounts from \$2,000 up to \$20,000 will be considered. To apply, you must submit a letter of intent (LOI) using the form at the link below. Note: Thoroughly read and follow all instructions carefully.

<https://dep.wv.gov/WWE/Programs/nonptsource/submit/Pages/LOI.aspx>

Projects are reviewed and selected by the WIB team. Once selected, we will ask for a full proposal from those projects that best fit the goals and objectives of the Nonpoint Source Program's Management Plan. If your proposal is selected, you will be notified by e-mail. The project work plan must be submitted within **two weeks** of the email notification. Timely responses and submissions are critical, and any delays can impact the funding availability.

The submission deadline for the LOI is **June 16, 2022**. For more information visit the website below; here you will find an overview of our AGO process. Please contact timothy.d.craddock@wv.gov if you have any questions or need assistance.
